

Please support the American worker and help stop the guest worker amnesty.

We Americans will not be fooled by any program offering cheap foreign labor at the expense of American jobs, American workers and American families. Amnesty for those who are here illegally is rewarding people who break the law—and that's wrong. In fact, it's downright un-American.

Let's stop the guest worker/amnesty program. Support the American worker. Support the American family. Support America.
